The Presidents View

Our May meeting was a good one although lightly attended by the members, who missed a good day of music and fun.

I suppose I would have to give the prize of "Entertainer" to Ed Cummins , who played some cool sax behind the smooth vocals of wife Maxine. It was Party Time in the Hall next to the Church House!

With members Jerry Braswell and Dennis Bellamy also absent, Maxine delegated me to be bass player in her stead so I assisted Bro Greg and then Ken Smith and they both played well in spite of me.

Ron Reynolds did his usual good job of trying to make us sound good from the stage and Richard Williams and Richard Vogh took their turns playing some sweet sounds before Oscar De Miranda played some technical stuff that stunned us all.

The day was not without incident. Cheryl Williams assisting Janice Catron in the kitchen dropped a contact lens on the floor, not to be found again and after walking around one eyed for a short time decided to go back home and get her spare glasses.

George Simmons emailed me this week to say he saw several members at CAAS. He saw Julian Smith performing in the Belmont Room, He saw the Cochran's, Butlers , Criders, Reynolds and others in various places in the Hotel. Speaking of Oscar De Miranda, He is a very talented player and a cordial fellow, interested in GFGA. I asked him and he accepted, to take the position of President of GFGA and I would ask you all to give to him the support you have given to Ed, Charlie and myself as we tried to keep it interesting and growing.

Remember this date, October 28, 2006 for next GFGA Meeting at St. Paul UMC on Bells Ferry road north of Marietta , Ga.

My thanks,

James Childers
